

**Provisional Admission & Stream Selection Notice**  
**(Session 2020-2021)**

Date : 06.04.2020

**Attention: Parents of students studying in class 10<sup>th</sup> (2019-2020)**

Dear Parents,

You are well aware of the ongoing country-wide lockdown due to which the children are academically stuck. In view of this the school management has arranged and already started the online real-time classes where the students can study from home.

You must also be aware that the board has already finished with the examinations of the main subjects of class X, i.e., English, Hindi, Maths, Science and Social Science. Computer Application(165) examination has been canceled by the Board and so Class X students have, in fact, completed their Board Examinations. It is the right time when these students should also begin their new session for Class XI. This would be possible only when they complete their stream selection process. We have decided to start this process online.

**Also kindly note that the Board has made some changes in the subject Mathematics of Class XI.**

These are explained as under (You may also refer to the circular number ACAD-22/2020 dated 01-04-2020 issued by CBSE in this regard) :-

- 1) The Board has started a new academic elective in the name of Applied Mathematics (241) at Senior Secondary Level starting from the current academic year, that is, from 2020-2021 session for class XI.
- 2) In view of introduction of Applied Mathematics as an Academic elective, the students who have passed Basic Mathematics(241) in Class X are now allowed to offer the new academic elective Applied Mathematics (241) at Senior Secondary Level in Class XI.
- 3) Accordingly, the students who have passed Basic Mathematics (241) as well as Standard Mathematics (041) in Class X of CBSE exam are eligible for this course. However, it is once again clarified that students who have passed Mathematics-Basic (241) at Secondary level are not eligible to opt for Mathematics (041) at Sr. SecondaryLevel.
- 4) This means that the students who have passed Class X with Maths basic (241) can now apply for Applied Mathematics (241) in Class XI. The students who have passed Class X, with Maths standard (41), can now apply for Maths(41) or Applied Mathematics (241) in Class XI for the session 2020-2021.
- 5) New streams in class XI have been made accordingly with Maths (41) and Applied Maths (241) for Class XI.
- 6) Below given is the list of all the combinations now available in class XI with their eligibility. The code M41 means the old Maths subject with code (41) and AM241 means the newly introduced Applied Mathematics with subject code 241.
- 7) You may also understand in this way that class X Mathematics Standard (41) corresponds to Class XI Maths Old (41) and Class X Maths Basic (241) corresponds to Class XI newly introduced Applied Mathematic (241).

<b>Class X (2019-2020)</b>	<b>Class XI (2020-2021)</b>
